

**If your toddler  
isn't talking or  
walking,  
maybe you  
should take the  
first step.**

Yes, all babies grow and learn at different rates. But if you think your baby or toddler maybe slow to crawl, or walk, or talk, don't wait. Call *Early On*<sup>®</sup> Michigan and find out what you can do. We'll help you find out if your child needs special attention. We can show you where to find help at little or no cost, regardless of your income.

**Don't worry.  
But don't wait.**
